Yoemen To Meet Broncos

Bryan Will Field Heavy Grid Team; Kickoff At 8 P.M.

The Cameron Yoemen will take the home field again Friday night to meet a big Bryan club that lost to AA Liberty last week, 30-12.

Kickoff time at Yoe Field will be 8 p.m.

Coach Leo Jackson told The Herald this morning that Bryan boasts a strong club that cannot be underestimated despite a loss last week to smaller Liberty.

He said that Bryan's FB Sheffield is another speedster who can break away as Brenham's Calvin Janner did last week in the Cub game.

Both Bryan and Cameron will field teams averaging about 170 pounds. Bryan has three reserve lineman that tip the scales at 210 or better. One tackle weighs 252 pounds, Jackson said.

In practice Tuesday and Wednesday, the Yoemen showed aggressive drive. Jackson said. They looked better in practice than anytime this year, he added.

Johnny Tepera will be in the defensive backfield at halfback in the only change in Cameron's manpower. The same eleven will start on offense.

It will be another non-conference tilt for the Yoemen who smashed Rockdale 38-13 two weeks ago, then lost to touted Brenham, 26-12, Friday night.

Cameron still ranks 15th in state three-A rankings while Brenham moved up to 11th. Conference foe Stephenville, rated the 9-AAA team to beat for the loop crown, holds an eighth three-A ranking.

The lineups are:

NEW OFFICERS for the Cameron FHA chapter at Yoe High School have been selected by chapter members. The group organized for the 1957-58 school year last week. Officers are: (front from left) treasurer Herman Mueck; vice-president, Bernard Jungmann; president, Kenneth Hollas; secretary, Alton Moraw; and parliamentarian, Eddie Luckey. Back row: (from left) reporter, William Pagach; sentinel, Edward Moraw; second vice-president, Paul Winkler; and historian, Rudolph Mayer.

600 Make Brenham Game Trip On Jaycees' Special Train

About 600 Yoeman football fans climbed aboard the Jaycee Brenham special Friday night for the Cub-Cameron football game in Brenham.

The rally-parade Thursday night in downtown Cameron was also a rousing success as about 800 students and Yoeman boosters followed the band to Lawless Green where Jaycees touched off a giant bonfire.

Cheers Raised

Student cheerleaders led Yoe High School students through a series of yells. Coaches Leo Jackson, Jim Speer and Murphy Webster called for strong support for the Cameron team against Brenham.

Gate Receipts Total $1,982 In Yoe-Tiger Game

Gate receipts at the Cameron-Rockdale football game totaled $1,982 with 2,395 paid admissions.

The Herald inadvertently published incorrect totals in a story last week.

Supt. Wiley Loughmiller also announced that Dr. C. G. Swift has been named team physician for the entire season, not just for out-of-town games.

The Jaycee special arrived in Brenham and was met by school buses furnished by the Brenham school system.

Jaycee officials expressed their appreciation for the backing Cameron football boosters gave the train.

Decorations Due

Proceeds from ticket, sandwich and soft drink sales will go for Christmas decorations and use in the Jaycees Santa Pal project due in December.

The train had 14 passenger cars and two cars for band equipment and soft drink and sandwich storage.

The Jaycee train was the second one run in the history of the club.

Poage To Address YHS Student Body At Assembly Today

Congressman Bob Poage will address a Yoe High School assembly this morning, according to Principal J. R. Young.

Young said the public is invited to attend the assembly where Rep. Poage will discuss legislation considered during the congressional session just ended in Washington.

Foremost on Poage's speech agenda is a discussion of water conservation and farm problems, according to Young.

Poage is touring Central Texas, making speeches to high school assemblies throughout the area.

His home is in Waco.

Benesh Rites Held At Burlington

Funeral services were held Saturday morning for Frank Benesh, 74, at St. Michael's Catholic Church in Burlington. The Rev. George Duda, Cameron, officiated.

Benesh died suddenly at his home in Burlington Thursday afternoon. Mass was held at Nicholson Funeral home in Rosebud Friday evening.

He is survived by his wife and three sons; Edward (Pete) Benesh of Burlington, Foy Benesh, Houston, and Allen Benesh of Corpus Christi, seven grandchildren and one niece, Miss Mary Woodworth.

Pallbearers were: Floyd Swanzy, R. J. Helpert, Reuben Fox, Arthur Hensl, Frank Johns, Clarence Tolburt, Ernest Stuessel and Grover Albert.

SCHOOL SET MONDAY

A carburetion school will be held 7:30 p.m. Monday at Cameron Auto Supply for area auto mechanics. It will be the first meeting of the series.

Selective Service Meetings Scheduled

Two 30-minute sessions will be held with the young men over the age of 17 at Yoe High School. One 30-minute session will be held on Tuesday, beginning at 9:30 and one on Wednesday, at the same time. Selective Service procedures will be discussed.

A previously prepared poster type exhibit will be used to help illustrate the various steps in the Selective Service process and to point out various responsibilities required of registrants.

"These discussions have certainly improved our local operation, since young men are not only more aware of their responsibilities, they know what they are" says Mr. Kunz in refering to the meetings with the young men at the high schools throughout the county. "We have always had difficulty in keeping up with registrants" says Mr. Kunz, "and the Selective Service law specifically places the responsibility of keeping the board informed directly on the shoulders of the registrant."

Selective service law states that it shall be the duty of each registrant to keep his local board advised at all times of the address where mail will reach him. The mailing of any order, notice, or blank form by the local board to a registrant at the address last reported by him to the local board shall constitute notice to him of the contents of the communication, whether he actually receives it or not.

Cricket Horde Keeps Fall Invasion Going

Crickets, crickets . . . where do they come from?

Such was the concerted cry of downtown business proprietors whose stores were invaded once again by the chirping brown horde.

Recent rains kept the pests in until Tuesday when they burst from their hiding places and converged on any source of light and heat.

It has been common sight to see people out in front of their stores sweeping away gutters-full of crickets. City workers then shovel them up to be hauled away.

Early this week however the surge of crickets to light called for black-out of the business section of town. Streetlights were doused.

City workers sprayed a few times to slow the nightly invasion.

But businessmen today were still wondering where they come from and how to stop them.

Steady Rains Boost Crops As Moisture Loads Cotton

3.83-Inch Rains Fall In Cameron; 4.86 Month Total

September rains totaled 4.86 inches through Wednesday as an additional 3.83 inches drenched Cameron and Milam County since Sunday.

County farmers and agriculture officials were beginning to smile their approval after the steady showers soaked into the ground earlier this week.

Cotton picking was stopped by the rains, they said.

Cooler temperatures accompanied the showers as the mercury dropped from a high 96 Saturday to a moderate high of 70 Monday. Lows went down to a 59 Tuesday.

Rains earlier this month totaled 1.03 inches with the previous high of .93 inch falling September 7.

Heaviest shower recorded was Sunday when all-day rains brought Cameron 2.02 inches. Monday saw 1.16 inches fall. No rain fell Tuesday.

Up to press time Wednesday, a .65 inch reading was recorded.

Rains measuring up to five inches fell in North Milam County around Rosebud. In the Rockdale vicinity about four inches had fallen through Wednesday.

The weather since Saturday was:

He died 6 p.m. Sunday in a Cameron hospital.

Surviving are: his wife; four daughters, Mrs. J. H. Glass, Monahans, Texas, Mrs. J. C. Cauthon, Cameron, Mrs. J. D. Odom, Fort Worth, Mrs. E. E. Odom, Buckholts; two sisters, Mrs. W. W. Caddell, Buckholts, and Mrs. John McDonald, Yarrellton; two brothers, Reuben, Fort Worth, and Celono, Jefferson; three grandchildren and one great-grandchild.

Green Funeral Home was in charge of arrangements.

Former Milam Agent Draws Nat'l Honor

COLLEGE STATION — (Spl.)— J. W. Stufflebeme, Jr., former Milam County agent now county agent in Washington County was one of six Texans named today as winners of the National County Agricultural Agents Association's distinguished service awards for 1957.

He was nominated by the Texas Association. A. J. McKenzie, Orange County agent and chairman of the Texas Awards Committee, announced the decision of the national group.

Awards are made annually to a select group of county agents who have over a period of years made outstanding contributions to agriculture and rural living. Presentation of the awards will be a high light of the Association's annual meeting this year October 13-17 in Boston.

Stufflebeme was first employed by the Texas Agricultural Extension Service in February of 1940 as assistant county agent in Anderson county.

Seven months later he was transferred to Milam county as county agent where he served until April, 1945. He returned to Milam county after a year of military leave and was transferred to his present assignment.

In Milam County Stufflebeme supervised demonstrations which included the introduction of corn hybrids and other improved crop varieties. Boys 4-H club work under his direction was expanded and new programs introduced.

During his first year in Washington county, the organization was perfected which set up the annual Washington County Fair, recognized as one of the best in Texas.

The county dairy association works closely with Stufflebeme in his educational programs. The different agricultural agencies working in the county have stressed the need for and the value of a sound temporary pasture program.

Trailriders Start Trip To Waco Thursday

An estimated 400 horsemen and 15 wagons are on the way to Waco today in the First Heart O' Texas Trailride ever to start from Cameron.

About 50 riders and two wagons representing the Cameron Saddle Club are leading the two-day trailride to Waco and the Heart O' Texas Fair.

They will stop overnight tonight at Lott and at the Kadle farm Friday night prior to their entry at the Waco fairgrounds Saturday morning.

Riders Arrive Wednesday

The host of riders arrived in Cameron Wednesday and held a practice parade Wednesday evening here. Last night they camped in Wilson-Ledbetter.

The Cameron Chamber of Commerce provided musical entertainment Wednesday night when Richard Wilkinson and his Ramblers played western music in Wilson-Ledbetter Park.

Colman Duncum, president of the Cameron Saddle Club and vice president of the Heart O' Texas Trailride Association, said that Cameron riders participated in the trailride last year that began at Hutto.

Riders and wagons left Cameron at 5:30 a.m. today for the first day of travel. Distrance from Wilson-Ledbetter Park to the Waco fairgrounds is 49 miles, Duncum said.

Grand Entry Saturday

They will make a grand entry at the fair Saturday morning to climax the two-day event.

Duncum pointed out the Cameron Saddle Club hopes to have the starting point honors on the trailride each year.

He said the event is growing each year and would bring hundreds of people to Cameron every fall.

3 Gins Report 1,455 Bales Up, Third Complete

Rains continued to fall Friday in Cameron and Milam County as county farmers surveyed the late cotton crop picture estimated about 40 percent complete.

The official weather station at the city water department measured a total of 3.83 inches of rain since precipitation started falling Sunday.

Meanwhile three Cameron gins Wednesday morning reported a total of 1455 bales completed by last week-end.

Gin operators estimated that the late cotton crop ranged from one-third to one-half complete in Milam County.

Rains Aid Fall Planting

County Agent J. D. Moore said that the steady rains would benefit more than hinder the total agriculture picture.

Cotton grades would fall due to the moisture content, he said.

He told The Herald the ground moisture would boost prospects for fall planting of small grains and winter legumes.

Aided too by the rains, he said, will be the county livestock situation which was held up better this summer than in any recent years.

Moore said that the September rains were normal, something Milam County and Central Texas has not had in the past 10 years during the fall.

Weathermen said the rains have been steady with very little run-off.

Three Cameron gins reported total bales made thus far. Farmer's Gin reported 600, Planter's Gin 625 and Weems Gin 230. Officials at Matyastik Gin could not be reached at presstime.

Farm Picture Good

Agriculture officials said the total crop picture looked better than in many fall years.

ASC officials said they have been filling requests for two weeks for winter legumes. The prospects are the best in years for both crops.

The maize crop is in, officials said, and corn harvest will be completed in the next few days.

School To Sell Tickets By Game

Supt. Wiley Loughmiller has announced that unsold season seat tickets to Cameron homegames will be sold on a game to game basis beginning today.

Tickets are available until 3:45 p.m. each Friday at the superintendent's office, Loughmiller noted.

Composite Citizen Of Month

Chamber Salutes Saddle Club

The Cameron Chamber of Commerce this week honored the Cameron Saddle Club and its president Coleman Duncum as a composite citizen of the month.

The Herald joins the Chamber in this timely salute to a group that has brought the Heart O' Texas Trailride to Cameron and developed one of the leading quarterhorse shows in the state.

Duncum, one of the early organizers of the club, has watched membership grow from 12 at the first meeting in July, 1954, to 108 at present. Dr. Lyle McDermott was the club's first president.

Trailrides Come First

Early club activities included short trailrides for the membership until they entered their first relay competition at Clifton in September, 1954.

The following summer the group sponsored the first Cameron Saddle Club Horseshow which, says Duncum, was quite a success with about 100 entries.

Other trailrides and parade competition came along in Central Texas cities until the club had collected 10 trophies or plaques for outstanding appearance and participation in the parades. All the trophies were won in 1956 and 1957.

Then the club opened its highly successful third annual horseshow here that caused horsemen to compare it with any in Texas for quarterhorse quality.

Duncum commended Mary Belle Batte who, he says, has been a key figure in making the Cameron club a success. He also cited Dr. McDermott who worked with him in getting the Heart O' Texas Trailride starting point in Cameron.

Individual members of the organization have won hundreds of awards for outstanding horsemanship in competition, Duncum says.

He jokingly points out that he has won only two second place ribbons.

Club Travels 1,200 Miles

Duncum says that the club travels about 1,200 miles a year to the various Central Texas events. He says that Central Texas has more horseshows than any other area of equivalent size in the country.

A car dealer here since 1941, Duncum is a native of Milam County. He grew up near Cameron on his parents farm and later graduated from Yoe High School.

He is a member of the Cameron Church of Christ and the Kiwanis Club. Mr. and Mrs. Duncum and their daughter, Mary Alice, a YHS sophomore, reside at 1910 N. Jackson St. A son, John Morris, is a junior at Abilene Christian College.

Duncum is quick to point out the Cameron Saddle Club is a self-sustaining organization that has developed a leading horseshow with funds raised within the club.

Appreciates Club Attitude

He says he particularly "appreciates the unselfish co-operation and attitude of club members in helping the club and the town."

Duncum is serving his second year as Saddle Club president. He and the Saddle Club are working toward betterment of their organization, its Wilson-Ledbetter Park facilities and Cameron.

YOUR SOIL

Application of soil an water conservation practices, including the use of fertilizer, has resulted in a 2,000 pound per acre increase in the yield of maize. This increase was accomplished by Cecil Menzel, operator of Mrs. Otto Galbreath's farm. Mrs. Galbreath is a cooperator with the Taylor Soil Conservation District and her farm is located four miles East of Thorndale on Highway 79.

Menzel has raised the yield of maize from 1200-1500 per acre to 3300-3500 pounds per acre in a three-year period. At the start Menzel divided a 38-acre field into two tracts.

3-Year Treatment

The treatment for the East side for the three years was as follows, With a farm tractor, the land was prepared each year by chiseling under the planted row to a depth of 6 to 9 inches deep.

This operation was followed by bedding the land and chiseling the middle.

The second year a crop of peas and clover followed the maize. It was fertilized with 89 pounds of 45 percent phosphate per acre and plowed under April 1. Maize was planted after April 1 and made a yield of 2000 pounds per acre.

This year the maize was fertilized with 111 pounds of 10-20-10 fertilizer per acre and the yield per acre varied from 3300 to 3500 pounds per acre.

The treatment for the West side consisted of only chiseling under the row each year and following maize with maize. The yield for 1956 was 1200 pounds per acre for the West side as compared with 2000 for the East side. This year the yield was 1500 and 3300-3500 respectively.

Both Sides Terraced

Both sides of the field had been terraced before Menzel made the test and all operations were the same except as noted above.

The amount of crop residue that was returned to the land after the crop was harvested on both blocks was checked by a technician of the Soil Conservation Service.

It was found that the East part of the field that had had conservation treatment had 5375 pounds of dry residue per acre, while the West part of the field only had 3750 pounds. Several checks were also made on other Cooperator's farms to find out how much crop residue was being returned to the land following the harvest of a maize crop.

The amount varied from 3250 pounds per acre to as high as 6675 pounds per acre. A minimum of 4000 pounds of residue per acre is needed on the land to prevent erosion.

MILAM COUNTY'S

FARM SCENE

Irrigation Plays Role In Texas Farm Yield

COLLEGE STATION — A contributing factor to the overall agricultural productoin of Texas' farms and ranches is irrigation.

R. V. Thurmond, extension agricultural engineer-irrigation, has just released a statewide summary which points up the great economic importance that supplemental water plays in the state's economy.

Figures were collected from each county in the state relative to the total number of acres irrigated; number of irrigated farms; acres irrigated by gravity; number of sprinkler systems; number of irrigation wells; acres irrigated from ground water and the acreages of the principal crops irrigated in each of the counties.

County agricultural agents supplied the information and Thurmond made the final compilation.

The total land under irrigation in Texas now stands at 6,962,234 acres. This compares with a total of 6,208,022 acres in 1955 (figures are from a similar survey).

In June 1957 when the figures were taken, 39,706 farms were listed as being irrigated. Only 10 counties in the state reported no irrigation. The number of irrigation wells rose from 42,674 in 1955 to 54,994 in 1957. The number of sprinkler systems in use almost doubled during this same period with a 200,000 acre increase in the land thus irrigated.

Grain sorghums on almost 2.3 millions of acres were the principal crop irrigated. Cotton was a close second with almost 2.2 millions of acres under irrigation. Other major crops included wheat rice, vegetables, pastures, alfalfa, field corn, oats and barley, forage sorghums, orchards and others.

Refund Application Due In By Monday

Farmers and ranchmen are reminded that September 30 is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240—the reporting form—from local county agricultural agents or Internal Revenue Service offices.

Sufficient records should also be kept to verify the claim, he adds. Claims should be submitted to the same district Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the spring of 1956.

Marak 4-H Club Elects Officers

The Marak 4-H Club met with Mrs. Alice Hughes, county agent, in the Marak school room September 17.

The following members were elected to office: President Theresa Dohnalik, Vice President Margaret Vansa, Secretary Margaret Hromcik, Reporter Elizabeth Hubnik and Song Leader Diana Mikulec.

After election of officers the 4-H girls joined the boys in singing 4-H songs.

The next meeting of the Club will be held on the second Tuesday in October.

Fertilizer Sales Jump

State Chemist J. F. Fudge has reported that total tonnage of fertilizer sold during the spring of 1957 was about 5 percent higher than for the same periods in 1955 and 1956. The tonnage of mixed goods sold was 15,000 tons less than in 1956 but 35,000 more tons of materials were sold in 1957.

High production, long period of lay, low death loss and good feed efficiency are the "bread and butter" of the present-day egg producer. The modern hen is bred to lay at a high rate, but skillful management must be practiced if maximum profits are to be gained say extension poultry husbandmen.

INTRODUCING

Mr. and Mrs. John J. Dusek of Texas City have announced the birth of a daughter, Susan Adele, in a Texas City hospital. She weighed 6 lbs., 14½ ozs., at birth and was welcomed by two brothers, John Guenther and Dwight Allan.

Grandmothers are Mrs. E. H. Walston of Cameron and Mrs. J. O. Dusek, Granger.

Mr. and Mrs. John (Bill) Stitt, Sr., of Corpus Christi are vacationing and visiting her mother, Mrs. Addie Miller in Yarrellton and his mother, Mrs. Stitt in Rogers.

More Rains Fall

September rains fell heavily over Milam County and Central Texas this week-end to dampen late cotton crops.

Agriculture officials said that cotton would suffer from the moisture, but small grain and livestock will benefit by the fall moisture.

Mother Nature has been unpredictable in her allotments of rain this year. Torrential rains fell throughout April and May. Then late June, July and August went back to the familiar drought-like conditions of previous years.

County farmers are hoping to finish up the late cotton crop in the next few weeks. But last week-end's rains put a damper on cotton picking.

There is still a note of optimism in the farm outlook when it is studied from all vantage points.

The small grain crops and county livestock production have been well above any in recent years. And irrigation is becoming more than an innovation in Milam County as 2,000 acres were under irrigation this summer.

Rain combined with increased use of irrigation will make the county agriculture picture more fruitful as the years progress.

THE LITTLE RIVER PHILOSOPHER

Sage Differs With Expert On Reckless Spending

By J. A.

The Little River Philosopher considers another angle of inflation this week, but we doubt if it'll have any effect on the problem—Ed.

Dear editar:

I was reading the other night in a copy of a magazine which some company sent me in the hope I'd subscribe, which on a small scale is about like sending a million dollars to Europe in the hope somebody'll repay it, where an expert in Washington has been studying the problem of -ni flation and has come up with the notion that the cure for it is to stop reckless spending.

According to him, the more willing we are to spend, the more willing somebody is to take our money, and this keeps the price of things edging up.

Now I have been giving considerable thought to this idea for the past few days, letting a lot of my farm work slide in the belief whipping inflation is more important to the nation than whipping Johnson grass on my farm, and and I'll admit that while I have come to several different conclusions, I'm still just as puzzled as I was when I started.

For example, as far as I know, reckless spending does cause inflation, however, on the other hand, I know of a lot of cases where reckless spending resulted in a depression, at least for the people doing the spending.

And also, if everybody stopped spending, stores would stop selling, manufacturing plants would stop producing, then stop hiring, and while this would sure whip inflation, it'd result in a depression, and whipping good times by substituting hard times is not exactly what me and that expert in Washington had in mind.

To tell the truth, reckless spending is probably what put this country where it is. That is, if the average housewife spent her money 100 per cent carefully and for essentials only, most supermarkets could cut their size in half and stock mostly salt, pepper, stew meat, potatoes and molasses. Drygood sorest would be cut down to work pants and gingham dresses, the air-conditioning industry would switch over to palmetto fans, and drug stoes would disappear. And you know right off what the eliminating of reckless spending would do to government.

It seems to me, that expert in Washington better try some other plan. He's about to argue himself out of a job.

Yours faithfully,
J. A.

P.S. Everybody is wondering how this Asian flu got into this country. All I know is it didn't come in on any foreign currency sent in to pay off loans with.

Capitol Report

$1.75 Poll Tax Goes On Sale October 1st

By Vern Sanford
Texas Press Association

AUSTIN — "Tickets" for Texas' 1958 political bouts go on sale next week. Poll taxes, $1.75 each, can be bought from Oct. 1 until Jan. 31.

Holders of the small white tax receipts not only can watch, but participate in the semi-annual struggle to decide who'll be "top dog" for the next two years. In the ring will be contenders for the offices now held by U. S. Sen. Ralph Yarborough, Gov. Price Daniel, Lt. Gov. Ben Ramsey, and so on down the line.

"Ticket" holders also can attend their Democratic Party precinct conventions next May, where the first round of a fight for party control will be staged.

Assuming you have $1.75, paying a poll tax shouldn't be hard. Dozens of groups — Jaycees, labor unions, Women Voters, etc.— plan massive drives. Most voters probably will be able to find a poll tax selling booth within blocks.

Exact number of potential voters is not known, of course. But some civic leaders hope as many as three million persons will pay poll taxes. Previous record is 2,410,188 for 1956, a presidential election year.

Another peak is expected in 1960 when projections show more than 5½ million should be eligible to vote in Texas.

OIL QUOTAS SAG

Lean days are ahead for Texas' top industry—oil.

After three months on an all-time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

Major oil buyers at the Commission hearing indicated that any more production would result in an oversupply.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

MORE TAXES, SAYS BOARD

Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board the average Texan will pay 6.4 cents of each dollar he earns, in state taxes. This is compared to 5.3 cents per dollar in '57.

It's the inevitable result of a billion-dollar-a-year budget, say the fiscal experts. They attribute the soaring expenses to inflation and citizen demand for more government services.

As to paying for it, the Board says "All taxes ultimately come from the individual. There's no one else to pay them."

Tejas Scout Execs To Meet October 1

The Scout leaders of the Tejas District are invited to the North Roundtable at Rosebud Methodist Church or South Roundtable at Thorndale Trinity Methodist Church 7:30 p.m. October, officials said. "Know your America" will be the Boy Scout Theme and "Achievement" the Cub Scout theme, Scout officials pointed out.

Milano Naval Officer Attending College

NEWPORT, R. I. (FHTNC) — Navy Lt. William L. Woods, Jr., son of Mr. and Mrs. W. L. Woods of Milano, is attending the Naval War College at Newport, R.I.

The year-long course, started August 19, is designed to increase the knowledge of selected Navy and Marine Corps officers in the fundamentals of warfare.

They are taught to understand warfare in its broad historical setting and to interpret the lessons of history in the light of modern trends.

Disease Hits Small Grains

Small grain diseases during the current year have cost Texas producers an estimated $18,000,000. Harlan Smith, extension plant pathologist, said the loss in bushels of grain was actually only a part of the accumlated losses to farmers.

REMEMBER?

Being a child isn't nearly so much fun when it's happening, as it is when you look back on it!

Somehow we remember, when we get a little older, just how much better strawberry shortcake tasted then, and how special each day seemed. We forget the scraped knees, the hurt feelings, the times when we were naughty and got punished!

Most of us belonged to some particular church in our childhood. Looking back, it often seems like it was the best church in the world. Yet ... like so much of what we remember of childhood ... it wasn't, really—BECAUSE ALL CHURCHES ARE WONDERFUL.

"In My Father's House Are Many Mansions." Jesus wasn't speaking of earthly houses. Yet, on earth, God has many mansions too. Your church ... anybody's church ... is one of them.

Go to Church this Sunday, especially if you haven't been for a while. You'll find that going to church now is a lot better than just remembering the church of your childhood.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Tribute ....

To Our Laborers!

Sometimes we forget that the unsung man who mixes cement or repairs your motor car is worthy of the highest commendation. Could YOU, the average citizen of this town, handle a trowel or cure the costly ailments of a temperamental car? This requires specialized knowledge and this is the day of highly-trained specialists. The Laboring Man, whatever his calling, is a factor in our community life that cannot be discounted. Look upon him as someone who contributes largely to your modern way of life. Pay him the respect that is due his trade or specialty ... and remember that he, too, is one of our good citizens!

WE SALUTE OUR TOWN!

Dinner Honors Nancy Grabein Robert Jenkins

Miss Nancy Grabein and Mr. Robert Jenkins, whose marriage was an event of last Saturday, were honored with a garden dinner party on September 17 by Mrs. Monroe H. Fuchs of Harlingen at the home of Mr. and Mrs. Leo Fuchs, 1707 North Travis.

The spacious back garden was softly lighted with garden lamps. The guests were served buffet style and were seated at tables for four. Gayly colored linens covered the tables and each was centered with a candle lamp which was entwined with pink queens crown blossoms.

The table for the bride and groom was marked by the gift from the hostess which consisted of four serving pieces in their chosen pattern of stainless steel. Little Gary Fuchs, young son of Lt. and Mrs. Fuchs, presented the couple with a glitter bedecked broom, inscribed "Nancy and Bob."

The menu consisted of chicken and spaghetti, potato salad, whole long green beans wrapped in bacon, spiced peaches, pickles and olives, french bread, iced tea and angel food pie for dessert.

Those attending were Miss Grabein and Mr. Jenkins, Mr. and Mrs. R. G. Grabein, parents of the bride, Mrs. R. H. Taylor of Marshall, Miss Joyce Wallace, Mr and Mrs. Lawrence Zelisko, Mr. and Mrs. Alton Fuchs, Mr. and Mrs. Leo Fuchs, the hostess and her son, Gary.

Janis Jistel Gerald Beach To Be Married

Mr. and Mrs. Hubert Jistel announce the engagement and approaching marriage of their daughter, Janis, to Gerald Beach, son of Mr. and Mrs. A. C. Beach of Westphalia.

Saint Monica's Catholic Church will be the scene of the wedding on the morning of October 19th.

The bride-elect is a 1956 graduate of Yoe High School and Mr. Beach a 1954 graduate of Rosebud High School. Both are presently employed in Temple.

Cub Scouts Elect Officers

Paul Edmunds was elected Denner for Den 2 of Pack 84 cub scouts with Assistant Denner Jackie McKenney and Keeper of the Buckskin Eugene Wallace. Mrs. Bill Wallace is den mother and Mrs. LaVert McKenney, assistant.

Other members are Mac Hugh McKenney, Bobby Nelson, Jeffery Nelson and James Vogelsang.

Mrs. Robert Henry Jenkins

Candle Light Ceremony Unites Nancy Grabein-Robert Jenkins

Miss Nancy Lou Grabein became the bride of Robert Henry Jenkins Saturday evening in the First Baptist Church. Miss Grabein is the daughter of Mr. and Mrs. R. G. Grabein. The bridegroom is the son of Mr. and Mrs. A. D. Jenkins of Rising Star.

The Reverend A. F. Russell read nuptial vows before an altar banked with baskets of white mums and large comodor palms. The couple knelt on a white wrought iron Pre Diew with white satin pillows.

Mr. Lionel Rowland of Lake Jackson, organist, played nuptial music prior to the wedding ceremony and accompanied Miss Sandra Woodland, of Marlin, who sang the Lord's Prayer; both are cousins of the bride.

The bride, given in marriage by her father, wore a formal wedding gown fashioned of hand run Alencon lace and taffeta. The yoke of the Empire bodice was made of Alencon lace embroidered in seed pearls with a scalloped pattern of the lace bordering the square cut neckline. The same lace extended through the top of the long pointed sleeves. Accenting the lace yoke were folds of taffeta, extending to the back in a soft bow. The full princess skirt of taffeta was caught at the waistline with Alencon lace medallions. The back of the skirt extended into a chapel length train.

Her fingertip veil of imported silk illusion was caught to an Elizabethan hat of lace and scattered with seed pearls. She carried a showered bouquet of white orchids and phalenopsis orchids and stephanotis.

Mrs. Monroe Fuchs, of Harlingen, attended the bride as matron of honor. The bridesmaids were Miss Jean Bradbury, Miss Sarah Goodrich, of San Antonio and Miss Betty Beniteau, also of San Antonio. They wore identical gowns of bittersweet taffeta. Following the lines of the Empire bodice was a band of velvet ribbon forming a soft bow in the back. They wore hats of bittersweet tulle and ribbon accented with tiny seed pearls and carried all white bouquets of mums and tulle.

Attending his brother as best man was Don Jenkins of Houston. Groomsmen were Lieutenant Monroe Fuchs of Harlingen, Mr. Glen Winfrey and Mr. Bill Connor of Rising Star.

The brides mother wore a street-length dress of dusty rose pois d'ange with matching accessories. The mother of the groom wore an azure blue dress of Irish lace with matching accessories.

The reception was held in the reception room of the church. The bride's bouquet served as a centerpiece for her table which stood against a background of comodor palms and white mums. The guests were registered by Miss Nan Hubert. Mrs. Joe Rowland was at the punch service and Miss Nita Nabours served the wedding cake. Miss Joyce Wallace assisted at the brides table.

Other members of the house party were Mrs. W. H. Taylor of Marshall, Miss Diane Rowland of Lake Jackson, and Miss Sandra Woodland.

For the wedding trip the bride chose a brown suit with matching accessories. She wore an orchid corsage from her bouquet.

After returning from their trip the couple will live in Indianapolis, Indiana, where the groom will attend school at Fort Benjamin Harrison.

The bride is a former student of Baylor University where she was a member of Pi Alpha Lambda. She also attended Texas Tech. Mr. Jenkins is a graduate of Texas Tech where he was a member of the Tech Accounting Society.

A. D. Jenkins Host Rehearsal Luncheon

Mr. and Mrs. A. D. Jenkins of Rising Star were hosts for a wedding rehearsal luncheon last Saturday at the Magnolia House honoring Miss Nancy Lou Grabein and their son, Mr. Robert H Jenkins.

The wedding party was seated at a long table with other guests at small tables for four. Each table was decorated with vases of coral lillies, the bride-elects chosen color.

Guests for the luncheon were Mrs. Don Jenkins, Mrs. Glen Winifrey, Rev. and Mrs. A. F. Russell, Mr. and Mrs. R. G. Grabein and members of the bridal party.

Mrs. Leo L. Fuchs In Galveston For Texas Garden Club Meeting

Mrs. Leo L. Fuchs, a member of Civic Garden Club, is attending the Thirtieth Annual Fall Board Meeting of Texas Garden Clubs, Inc., which is being held at Hotel Galvez in Galveston yesterday and today.

Mrs. David Buchanan of Temple president of Texas Garden Clubs, Inc., recently appointed Mrs. Fuchs to be a member of her official board to serve during her two year tenure of office. She will be a state chairman for National Gardener Circulation in Texas. It is the national publication for garden clubs and it will be the duty of Mrs. Fuchs to encourage and tabulate subscriptions in competition with other states for a national award.

She will share a booth at Galveston with Mrs. Magnolia Greene state book service chairman, of Austin, where they will have a display of national publications.

Mrs. Fuchs accompanied Mrs. Preston Childers of Temple and Mrs. Frank Hackel and Mrs. J. Walton Taylor of Marlin, to Galveston. They left on Tuesday morning in order to attend some of the functions of the South Central Regional Meeting of National Council of State Garden Clubs, Inc., which is also convening in Galveston just prior to the state meeting.

Mrs. Freeman, regent, presided.

Deaf Man Ends His Years Of Silence With New Invention

PEORIA.—(Special) — A remarkable hearing aid using a newly-developed transitor the size of a pin head now gives nearly perfect hearing to the deafened. The aid costs practically nothing to operate yet it is so powerful the very deafened hear clearly. There is no cord or button in the ear and when in use its practically invisible. It is the greatest advancement in hearing-aid history. It is suggested, if interested for yourself or a friend, to write to Tone Master Manufacturing Company, Dept. 0000, Peoria, Illinois, and he will be glad to send information at no cost or obligation to you.

Burlington History In Brief!

Wild Horses, Burros Roamed Creek

(This concludes a short history of the early settlers of Burlington and some of their experiences.)

By W. E. McAtee

Getting back to Hood's tank on Pond Creek. A herd of wild horses watered there from the time it was built until about 1885 or '86. A herd of Spanish burros also watered there and ranged east of the creek down into the Vogelsang and Clarkson communities. Fritz and Ernest Vogelsang moved into their community in 1883. They bought 5000 acres from Fount Oxsheer that joined John Jones on the south and east. The country began to be fenced at this time. They fenced the burros in what they called the 400 acre pasture. The year 1887 was a very dry one and the Vogelsang brothers had to drive their cattle to Lesters Lake for water. The burros within the fenced pasture were left without water and soon perished.

Charlie Butts lived in the Ben Arnold community. One day one of his work horses got away from him and took up with a band of wild horses—a stallion with about 25 or 30 mares. Mr. Butts, and R. L. Todd rode onto the herd to rope the work horse. The stallion came out to meet them and put up such a fight that he drove them off. Bob Todd was a man of action and few words he said, "Come on Charlie, lets go home and come back tomorrow, we will get your horse." Mr. Butts knowing Bob didn't question as to how they would get by the stallion, so next morning Bob rode up to the Butts home about sun up and called, "Charlie are you ready?" He replied, "I am most through breakfast. Bob, won't you come and have a bite?" "No," Bob replied, "I will wait." The horses ranged from Hoods Tank west to the Yarrelton community. They encountered the horses about where Mr. T. J. O'Neill's old home now stands. Out rushed the stallion again to protect his "harem". Mr. Todd stepped off his horse with his Winchester in his hands took dead aim and hit the stallion between the eyes killing him instantly. With the momentum he had he rolled almost to Todd's feet. "Now" Todd said, "Charlie, we can get your horse."

Wm. Crenan and Tom Peoples bought several thousand acres of land in the 1870's and operated a cattle ranch together for a number of years, then Peoples sold most of it to Crenan and they operated seperately. Mr. Crenan's brand Diamond Bar, was worn by many herds of cattle over the years. Mr. Crenan shipped his cattle out of Ben Arnold or Burlington depending on which pasture the cattle to be shipped were located.

Ernest Vogelsang shipped out of Burlington and Rosebud over the years.

Michael Jones donated the land for the Burlington Cemetery and he and a little Kleypas girl were of the first to be buried there. The wolves would dig down to the caskets each night and the settlers would go each day and cover the graves and finally built a fence so high the wolves couldn't get over.

Deer and wild turkey were very plentiful in those days.

J. F. McAtee moved his family to Burlington from Comanche county in 1892. He bought a tract of land from Timothy Gleason and began to build and settle on it in 1893. My father traded in Cameron the first few years making the trip about twice a year in a wagon. The road to Cameron didn't go down the railroad as it does now but made a round about way. It went around the Bert Ford farms then on between the Crenan and Peoples farm to Lake City across the Watt farm crossing Big Elm Creek at the old Waco crossing then on to Cameron. By this road the round trip from Cameron to Burlington was about 50 miles.

On one of these trips my father made to Cameron in 1893, he stopped at Lake City to get a drink of water. Watt Henderson, father of the late Henry C. Henderson, operated a gin there and as was customary in the old frontier days, greeted my father with "howdy neighbor, where do you live?" "I live at Burlington", Father replied, "I bought a tract of land there." "Where did you buy" asked Mr. Henderson. "I bought 178 acres from Timothy Gleason" father replied. "What did you pay for it if its a fair question?" "$15.00 per acre," my father replied. Mr. Henderson whistled and said, "I know just where it is, could have bought the whole county for 50 cents an acre and I had a barrel of money at that time." "Why didn't you buy it Mr. Henderson?" He replied, "Long horned cattle, indians, buffalos and wild ponies roamed it for 3 or 4 hundred years. My cattle and those of every one else grazed it and I thought it would be that way always, therefore, wouldn't be any use in tying up money in it."

After the railroad came came through in the early '90s great herds of longhorned cattle came streaming into the stock pens at Burlington and loaded into cars, to be shipped to Chicago, St. Louis, and Kansas City. Cowmen accompanied their cattle those days to market. A few I can recall going to one of the above markets was then young Ernest Vogelsang, Jr. He went to Kansas City. F. P. Gleason, I. B. Wunch and J. W. McAtee went to St. Louis in 1901.

A great deal is being written, petitions signed, meetings held about dams being built on the upper reaches of our streams to conserve soil and water. I here relate an incident that occured in May of 1898 to show how creeks have silted up since then. My father was a veterinarian of the open range days and was called one day to Mr. P. T. Driscoll's farm to doctor some colts. It had rained the night before and when we got down there Mr. Driscoll said the creek was up and the stock was on the other side but would have his hired man saddle his horse and maybe they could get across. The young man saddled up, and we rode down to the creek, it was about three fourths full. He entered the water held up his feet in the saddle and his horse swam high and he didn't get wet. Brother John next entered and his horse swam high and he remained dry. Louis Murff was working for my father and was riding a little spanish mule that he was breaking to ride. He had his stirrups hobbled and said, "I am not going to take my feet out of the stirrups as this mule may begin bucking and throw me in the creek," so he just sat tight and rode in, the mule swam with just its head out and Louis was in the water to his arm pits. Now the past few years I see crops being grown right in the creek bed.

R. L. Lindsay was operating the Burlington telephone exchange in the 1930s. In digging for the phone poles he dug up a branding iron two or three feet beneath the surface. I have examined the brand records of Milam County that date back to 1874 and find no record of any such brand. From what I have seen of old brands, it must have been of Spanish or Mexican origin. How many and what years cattle wore this brand makes one wonder.

As foot prints of ponies, ridden by cowboys into the western horizon, grow dimmer, I trust this bit of History will be some interest to readers of the Cameron Herald.

To the following I am deeply indebted for the aid and information in getting this togehter: The late J. R. (Jack) Little, Louie Butts, Dan D. Driscoll and Ernest Vogelsang, Sr.

Rain amounting to three inches was received here Saturday night and during Sunday. There was not to much run off as the rain fell slow, the kind that gives the under ground moisture.

Esperanta was introduced in 1887 as a "suggested new international language."

Brenham Clips Yoemen, 26 - 12

Crowd Of 4,000 Watches Janner Break Away For 90-Yard Score

Quick-stepping Calvin Janner, Brenham's 10-second fullback, broke for 90 yards and a third-period touchdown that opened the way for a 26-12 Cub victory over Cameron Friday night.

A crowd of about 4,000 fans looked on as the two touted three-A clubs collided at Brenham Stadium. The crowd included about 600 Cameron fans who made the trip on the Cameron Jaycee special train.

Brenham was leading the Yoemen 13-6 when Janner, the game's leading ground gainer, burst through the YHS line and outsprinted two Cameron defenders for the score. He raced 153 yards in 14 carries for two touchdowns.

Cameron found the Cubs ready with crisp line play and a duo of fast backs in Janner and LH Jim Linnsteadter in the hard-fought non conference tilt.

HB Warren Rinn led Cameron ball carriers with 80 yards in 11 tries.

45-Yard TD Sprint

But the Yoemen also showed their heels in the first quarter when HB Hubert Marek turned right end behind excellent blocking and raced 45 yards for Cameron's first TD.

Later, in the fourth quarter, YHS put together an 89-yard scoring drive for a second Cameron TD to complete the scoring at 26-12. FB Guy Dillon crashed for the final two yards and the touchdown.

Brenham set the pace after the opening kickoff as the Cubs went 68 yards in six plays for a TD.

From the Brenham 32, Linnsteadter gained 4, then HB Derrick hit for 12 and a first down on their 48. After losing 4 in the next two plays, Linnsteadter uncorked a 20-yard heave to Brenham's Fisher who galloped the remaining 36 for the score. The kick was wide. Brenham 6, Cameron 0.

The Yoemen returned the quick-scoring favor in three plays when Brenham kicked to YHS's Lierman.

At the Cameron 42, Dillon bucked center for 5. Rinn skimmed left for 8 and first down. QB Elliot faked Dillon into the line, then handed to Marek who sprinted wide open around right end and a 45-yard TD run. Dillon's conversion was blocked. Brenham 6, Cameron 6.

Fans sensed a high-scoring ballgame in the making. Nine plays had netted two touchdowns.

Dillon Intercepts Pass

Dillon kicked off to Janner who was stopped at the Brenham 45. Two Brenham plays netted 5 yards after an off-side penalty, then Dillon picked off a Giese pass at the 45.

Six by Dillon and 7 by Marek got Cameron a first to the Brenham 20. Two Elliot passes fell incomplete and Brenham took the ball on downs on their 16.

Derrick, Janner and Linnsteadter alternated carries for three consecutive firsts. But Brenham stalled at the Cameron 44, Fisher kicking to Cameron's 20.

Dillon dived for 2. Cameron picked up 5 on a Brenham penalty then Dillon fumbled at the 3 with Fisher recovering.

Linnsteadter gained 1, Janner 11 to the Cameron 10 for a first-down. Giese went the final foot for the score. John Bosse's kick was good. Brenham 13, Cameron 6.

Lierman Takes Kickoff

Cameron's Lierman received the Brenham kickoff, going to the 41. An intended Elliot-Rinn pass was long. Marek gained 5. A 5-yard penalty forced Cameron to kick.

Brenham racked up five straight first downs in a try for another second-period score. Janner raced for 6 to the Cameron 9 as the half ended. The late drive started on the Brenham 23.

Cameron optioned to kick off in the second half with Brenham bringing the ball to their 47. Cameron held, forcing Brenham to kick on fourth.

Cameron gained 5 in three plays then kicked to Linnsteadter who was nailed on the Brenham 22. Derrick and Janner combined for a first down. But Derrick was stopped twice for no gain and a Giese pass fell incomplete, Brenham again kicked.

Cameron took the ball on their 40, was unable to move the ball. Kirk booted to the Brenham 10.

Janner Goes 90-Yards

Brenham's QB Giese called for Janner over left tackle and the fleet fullback zipped through an opening and ran 90 yards for Brenham's third score. The kick was wide. Brenham 19, Cameron 6.

The Brenham kickoff went to Lierman who got back to the Cameron 40. Linnsteadter intercepted Elliot's first-down pass, returning to his 46.

Derrick raced for 12 and a first. Two plays netted 2, then Derrick was loose for 16 on a reverse.

At the Cameron 30, Linnsteadter went for 6. After no gain in two plays, Giese tossed out left to Janner running wide. The senior fullback hurdled a Yoeman tackler and went over standing up. A Bosse kick split the uprights. Brenham 26, Cameron 6.

Lose Ball On Downs

Roger Terry received the kickoff for Cameron. Two offside penalties set back YHS on its 26, but Rinn and Dillon combined for a first. Cameron faltered at their 47, losing the ball on downs.

Three plays netted 2 yards for Brenham, Fisher kicking to the Cameron 11.

Rinn raced for a first. Elliot got 8, then Rinn 20 more.

Elliot racked up another first on a keeper, then Rinn gained a first. An Elliot-Rinn pass fell incomplete. Marek reeled off 15 yards for a first and goal on the Brenham 2.

Offsides cost Cameron 5, but Dillon bulled for 5 and then the final 2 for the TD. His dive for the extra point was short. Brenham 26, Cameron 12.

Ray Green, Sidney Koranek and Arthur Marak led the Cameron defense while Dan O'Malley, Boecker and John Kenjura were tops for the Cub defenders.

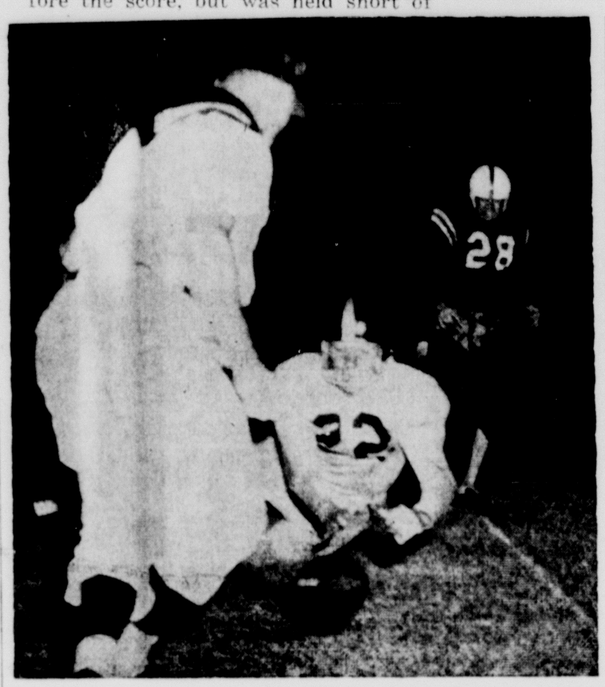
FULLBACK GUY DILLON crashes through for a touchdown late in the fourth quarter Friday night at Brenham for Cameron's second score. The big fullback had picked up 5 yards before the score, but was held short of the goal in a try for extra point. Brenham won one hard-fought contest 26-12 with another fullback, Calvin Janner, running for 153 yards gained and two touchdowns.



INCOMPLETE—HB Warren Rinn is unable to snag a Bobby Elliot pass intended for him in the Cameron-Brenham contest Friday. Rinn was Cameron's leading ground gainer with 80 yards in 11 carries. Hubert Marek carried for the Yoemen's longest scoring play when he zipped 45 yards untouched in the first quarter.
